

## We made

We are the "The Sanriku Railway Utilization Promotion Team" consisting of university students in Iwate Prefecture.

As part of the regional problem solving project, this team has been working since 2016, stating "Effective use of the Sanriku Railway".

In promoting the activities, we formed "The Sanriku Railway Supporters" as a group to support the Sanriku Railway through volunteer activities. Members include not only students but also the general public.

This map was created with the expectation that people from all over the world who visited the Kamaishi area, especially after the Rugby World Cup, would know the attractive spots along the Sanriku Railway and hope that they enjoy Kamaishi more. On the map, members of the Sanriku Railway Utilization Promotion Team have posted attractive spots that they actually walked around each station and found.

As we did, I think that actually traveling will bring attachment to the Sanriku Railway and the Sanriku coastal area more than ever.

Please take this map and take a walk on Sanriku Railway.

※This project is supported by Iwate Higher Education Consortium & Center for Regional Collaboration in Research and Education.

## Steel, Fish, and Rugby - Kamaishi.

We can see the slogan "Steel, Fish and Rugby" in front of Kamaishi Station. Why is "Steel, Fish and Rugby" a slogan of Kamaishi?

First, Kamaishi was the first location in Japan to succeed in continuous production of steel using the first western-style blast furnace in Japan in 1858. "Hashino Iron Mining and Smelting Site" in Kamaishi were registered as a "UNESCO World Heritage Site in 2015" as part of the "Sites of Japan's Meiji Industrial Revolution: Iron and Steel, Shipbuilding and Coal Mining".

Next, the "Nippon Steel Corporation Kamaishi Rugby Team", which was the predecessor of the local rugby team "Kamaishi Seawaves RFC", was the first team ever to win seven "All-Japan Rugby Football Championships" in a row. This legendary team produced many top players.

And then, if we walk from the station a little, we will fall in love with the beautiful sea and we can taste great sea food!

Steel, Fish and Rugby - Have fun in Kamaishi!

Where is Sanriku Railway?

# Sanriku Railway Spots

A station with a gourd motif

0 minute walk from Otsuchi Station

## ★1 Otsuchi station

The character of the puppet show "Hyokkori Hyotan Island" aired on a Japanese TV will meet you.

Extra edition

Take a walk through the ocean

40 minutes walk from Otsuchi Station

## ★2 Horaijima island

If you have time, please go to "Hyokkori Hyotan Island(Horaijima)" located about 4km away from Otsuchi Station. You can walk through the ocean.

Overcoming the earthquake

1 minute walk from Unosumi Station

## ★3 Unosumi Tomosu

The area around Kamaishi is a region that was severely damaged by the 2011 Great East Japan Earthquake. Why don't you experience the processes from the earthquake to the reconstruction at the "Future Museum Connecting Life" in front of the station? In addition, there is a direct line and a restaurant in the "Unosato Exchange Center", and you can purchase fresh seafood and goods of Sanriku Railway.

To symbol of reconstruction!

The Kamaishi Unosumi memorial Stadium

10 minutes walk from Unosumi Station

## ★4 The Kamaishi Unosumi memorial Stadium

The Kamaishi Unosumi memorial Stadium will be the venue for the Rugby World Cup held in September 2019. The large roof of the main stand has the image of a bird's wing and a sail of a ship, and it seems to represent a large flapping from the reconstruction and a new departure.

Otsuchi castle ruins

## ★1 Otsuchi Station

## ★2 Horaijima island

Button and Benzaiten watching over the reconstruction of Ryoishi

5 minutes walk from Ryoishi Station

## ★5 Itsukushima shrine

Looking up at the hill from the station, there are two shrines watching the reconstruction of Ryoishi bays. From the shrine, you can have a glimpse of the reconstruction of Ryoishi bays! Below the hill there is also a monument for the earthquake. Thinking of the victims of the earthquake, thank you for being saved ...

Kamaishi's Lagerball

15 minutes walk from Kamaishi Station

## ★6 MONDE

Kamaishi is famous for Rugby. Monde's "Lagerball" is a Western-style confectionery which was created in the motif of Kamaishi's Rugby balls. I want you to taste it!

The only permanent Miffy Café in Japan

## ★7 Kamaishi Information & Community Center

15 minutes walk from Kamaishi Station

In addition to the Miffy Cafe, the center also sells Rugby World Cup and Miffy goods. You can also get information about Kamaishi. In addition, there is Miffy Street around, and there are a lot of pretty Miffy such as manhole and signboards! It may be fun to search while strolling through the town!
